

**Dear Student,**

You are to embark upon one of the most interesting and at the same time important studies that you have ever endeavoured. As you travel through this course you will be both amazed and secured in the truths of the Holy Word of God. I want you to take your time and make your efforts worthwhile as you learn the meat and potatoes of the Sacred Doctrines of an all powerful God.

In each lesson you will be required to read the assigned text, write a term paper and complete a set of questions with answers. You will find this method of study different than you have ever tried before but at its completion you will have learned much about the mysteries of the scripture.

The self-paced method of study can be utilized by both campus and non-campus student. If you are distant learning simply chose the class you want to study, follow the instructions, and begin the process. If you are an on campus student, check with your counsellor, and choose a class that is not being offered, or not scheduled to be offered for a while, and begin the process.

Our teachers use a long-established, well-written program: Willmington's Guide to the Bible, by H. L. Willmington, published by Tyndale.

If you have any questions feel free to e-mail or write us at any time and we will do our best to answer you. May God richly bless you as you begin your studies and that you might become a workman not ashamed rightly dividing the word of truth.

Because of Christ,  
Dr. Daryl L. Franzel  
President
